

The UpFront Decision Framework

A simple worksheet to move from research → decision → momentum

Put what matters UpFront.

1. Define the Decision ~ What problem are you wanting to solve?

2. Set a Research Deadline ~ Give yourself a boundary so research doesn't become endless.

3. Narrow to Two Strong Options ~ Use the form on the back to sort options.

Option 1:

Option 2:

4. Ask the Simpler Question ~ Which option do I prefer right now?

5. Decide and Move Forward ~ Commit to a decision and identify your first action step.

Momentum Reminder: Clarity rarely comes from more options. It often comes from fewer choices.
